Yeppoon State High School operates under five core values: respect, participation, safety, honesty and responsibility. The school goal is to help students develop a range of academic and personal strategies that will enable them to become active, informed and responsible citizens.

Many of our programs have been recognised throughout the state for their excellence, which is due to our blend of experienced and youthful staff.

Yeppoon State High School homestays are closely connected to the school and community events, helping to create an active caring home experience.
