Glenwood House School

Glenwood House School is a combined private school in George. The school is situated on the beautiful Garden Route, at the foot of the Outeniqua Mountains and it overlooks the beautiful countryside.

About the School

Glenwood House is a well-organised school with proud traditions. The school has an overt Christian ethos.

The school offers holistic mainstream education so students develop all-round skills and abilities. Glenwood House School encourages independent, critical and creative thinking as well as problem-solving. The school aims to prepare students to become productive participants in society.

Glenwood House School has an impressive academic record. Classes sizes at Glenwood do not exceed 26 students. The teachers are specialists in their fields. Teachers are always available for additional support after class and the school offers support classes as well.

The school believes that teaching should go beyond the curriculum and classroom boundaries. Glenwood House therefore offers its learners various opportunities for development and learning through excursions and tours. Additionally, specialists from many fields often share their knowledge and experience with Glenwood’s students.
Glenwood House School has a broad program of sport and coaching. There are many sport teams active at Glenwood and the school has a touring culture. Recognised sports at the school include hockey, netball, rugby, cricket, swimming, water polo, tennis, golf, chess, biathlon, equestrian and sailing. Sports facilities include rugby, cricket and (mini-astro) hockey fields as well as tennis and netball courts, a heated swimming pool, an indoor cricket practice facility and a golf driving range.
